Okay,

Unknown Speaker 4:05

we have a resolution

Unknown Speaker 4:09

in my not correct you do want to do the virus updates first or do you want to do the resolution? Okay. I'm sorry. I'll go. Alright. I'm sorry about that. The Corona Virus updates. Now. My latest information, there's 32 positive cases in Livingston County. We picked up three today that all worked. I only think two of them did but they said all worked at the Cornell nursing home that's a hot bed but they lived in Livingston County. We have 289 negatives, and we have two deaths and I got the age group that account for each group if anybody's wishes to hear it

Unknown Speaker 5:07

other than that we're getting updates every day.

Unknown Speaker 5:13

Unless, got some questions on it. That's about it in a nutshell.

Unknown Speaker 5:19

Anybody got any questions on that?

Unknown Speaker 5:26

I guess that's a no. Okay. So we will go on to the public hearing for the solar battery storage. That was postponed. I'm sorry about that resolution 37 2020. So what do you want to do?

Unknown Speaker 5:45

We'll do it as just like you did the

Unknown Speaker 5:49

approving the minutes as well. If we can have one council member, make the motion and just say their name and another council member.

Unknown Speaker 5:57

Second, and say their name that would be helpful and that's All we need.

Unknown Speaker 6:02

Okay, so I need some way to make the motion on postponing the

Unknown Speaker 6:08

resolution 37 2020

Unknown Speaker 6:10

we're gonna postpone it until May 14.

Unknown Speaker 6:14

Ron,

Unknown Speaker 6:18

a second. Bill Devine

Unknown Speaker 6:23

All in favor? Aye. Aye. Aye.

Unknown Speaker 6:29

The next resolution is the official bank's resolution 38 2020. I mean,

Unknown Speaker 6:43

the reason we had to do this is because the Steuben Trust change to community bank for the justices. So that's why we had to do the resolution. Again. We usually do it at the organizational meeting.

Unknown Speaker 6:58

Any questions with that?

Unknown Speaker 7:01

Councilmember Devine is that you

Unknown Speaker 7:04

Atterbury.

Unknown Speaker 7:07

Who second?

Unknown Speaker 7:10

I'll Second it. Bill Devine

Unknown Speaker 7:14

All in favor?

Unknown Speaker 7:17

Aye. All right. I go on too fast.

Unknown Speaker 7:24

I'm good.

Unknown Speaker 7:24

We got to reappoint Mr. Magee again

Unknown Speaker 7:35

For the Zba member.

Unknown Speaker 7:40

He should be back after this one Amy Phelps motion

Unknown Speaker 7:47

second atterbury.

Unknown Speaker 7:50

All in favor, aye.

Unknown Speaker 7:58

And then we prepay. Resolution 40 dash 2020

Unknown Speaker 8:07

Kim, do you got anything?

Unknown Speaker 8:10

Yep the board had approved it. This is just the resolution just giving the final blessing on that because we did update the the prepaid resolution so it just includes the Konica Minolta lease payment. Any questions?

Unknown Speaker 8:27

So moved Ron

Unknown Speaker 8:30

second Amy Phelps

Unknown Speaker 8:32

all in favor. Aye

Unknown Speaker 8:39

That ends

Unknown Speaker 8:42

the resolutions that we hang on a minute. here

Unknown Speaker 8:53

Ron.

Unknown Speaker 8:55

You will completed your mission down at Thompson's is that correct? Correct. Can you inform everybody Does everybody have a copy of that the letter

Unknown Speaker 9:13

just highlighted?

Unknown Speaker 9:14

I think just the letter that they had went out to the lawyer DiMatteo and I sent one to the surveyor but he hasn't got back to me yet. We don't know if he's working whether or not he's critical yet do we? No I don't know. All right, and so Ron in a nutshell, can you tell the the board what we get?

Unknown Speaker 9:44

We got 30 feet property up there.

Unknown Speaker 9:49

They want to know gates, top or bottom.

Unknown Speaker 9:54

They want a sign at the top just stating that the farm Vehicles only

Unknown Speaker 10:03

and the driveway pipe replaced

Unknown Speaker 10:09

or the goes into their driveway. Oh and they want to make sure that the town maintains the road

Unknown Speaker 10:20

that was about it

Unknown Speaker 10:23

that's all doable thank you very much for the time that we get that taken care of I wonder if we should we should wait and see what's gonna happen before we start worrying about septic or anything

Unknown Speaker 10:45

waiting to see for what

Unknown Speaker 10:48

whether or not marks guys are going to be. Oh, should we, push forward or should we wait and see what's going to happen with the state of the State there are some aren't working any of their employees. And there are some towns that are. Well, I think, go ahead. time I talked to the mark. He thought we're going to get something down there to put the trees in. And at that time, he would do a lot of the work at that same thing. I haven't heard anything back on the trees and marks not online with us. So I guess it kind of answers my question. We'll wait until we hear more from Mark. Well, their next step will be the septic and electric. And now we put a driveway up to it. Correct? Right. And that's gotta be there's gotta be black black top for parking for handicap. Yes. And anybody have any questions on that? Thanks, Ron. Anybody have any questions on this? No from Steve.

Unknown Speaker 12:04

I got like a couple I got a couple of prices for picnic tables also. I left it up with Kim.

Unknown Speaker 12:12

Okay, so anybody do we even have an idea how many we want

Unknown Speaker 12:21

I thought we started with like six eight footers

Unknown Speaker 12:28

in since you brought it up how much are they? Can you remember? A \$300 each?

Unknown Speaker 12:39

Yes. Ron. Ron through. Cummings.

Unknown Speaker 12:48

Go ahead, Amy.

Unknown Speaker 12:50

Can you let me check with my Amish guy first before we pay that dollar? Yeah,

Unknown Speaker 12:56

yeah. Oh, yeah. Oh yeah. We're trying to call somebody I've

Unknown Speaker 13:03

tried to call some amish, amish. It's like springwater and nobody's there right now.

Unknown Speaker 13:13

Oh, you mean the guy at the base of the hill?

Unknown Speaker 13:16

Yeah.

Unknown Speaker 13:19

From the Amish? Yeah.

Unknown Speaker 13:23

Well, we we've got some time a little bit of time. And so if Amy you want to check on some prices there and

Unknown Speaker 13:31

yeah, I waiting. Ready? So I said I'd wait and then when we got ready, I get my guy a call. I can't call him obviously you got to stop and make a visit. Right? I'm fine. That's fine.

Unknown Speaker 13:45

It's gonna, you know, depending on what happens with New York State, there's gonna there's going to progress in a hurry. No, because obviously, we're not going to have BOCES come and finish it. We got to

figure that out too. Whether, whether we finish it or we wait until the fall when hopefully life is back to normal and then have BOCES come back and finish it. So if anybody's got any ideas on it, then speak up or

Unknown Speaker 14:21

we read

Unknown Speaker 14:24

The only thing with BOCES Bill, can we at least get them up there for some type of a dedication? Because this is a group that's worked on it. You can't have a gathering Ron. Well, they're in they're out of school too and there not going back this year. From what I heard, all the schools are close at the end of April for sure. But the rumor has it that they're not going back to school this year, but that is not official. Okay. That was a rumor. I heard it also So it Okay, and that that's, that's a rumor from the state is not official yet, but I can't tell you so, obviously. Okay. Obviously if it changes, then we definitely should have the dedication. If not. It's not going to have as much meeting, that's for sure. Right. Right. The other, anybody have anything else on the Ambuscade.

Unknown Speaker 15:33

Nothing from Steve. Thanks, Ron, for doing that. All right.

Unknown Speaker 15:44

We've got Let me see here.

Unknown Speaker 15:48

We know that the

Unknown Speaker 15:51

Alberta Burgers

Unknown Speaker 15:53

dedication is that put off right Ron Yeah.

Unknown Speaker 16:00

Kim sent the stuff to her.

Unknown Speaker 16:06

The other the other items that I get now our water fill station update and an RFP has been advertised for the fill station when an open date of may 1 2020 for the bid. As of yesterday, nobody has picked up a copy of the plans for the job. So Clarke Patterson is thinking that maybe it's because of the what's going on people don't want to travel or whatever. So he's I okay them to allow them to do it over the internet. So we will they will hand out the plans over the internet and we will accept the bids over the internet. I don't know how do you do that, Kim? As far as the opening you know what I mean? When you think that the wait and until that time,

Unknown Speaker 17:02

they can pick up the bids, they just have to mail them in.

Unknown Speaker 17:06

They now mail them in or drop them off.

Unknown Speaker 17:09

Yeah, but if they do it through the internet, he opened up the Jason suggested that we go by internet so that because nobody is picked up a set of prints, yet. So so he said he'd go internet and then they could also bid it by internet.

Unknown Speaker 17:26

So then what we would do is we would reach out to Jason and we would have him have all the responses sent back to him. And then I would request them. I would request them from him at that time, that specific time and place the email us and then we can open them that way.

Unknown Speaker 17:42

Okay, so he would hold them, and then we would get them at the same time. Correct? In the May 1 in our bid opening,

Unknown Speaker 17:51

correct? Yep. So he would hold them and then we would request them may 1, set the bid opening from him and then we would go from there. So we get them

Unknown Speaker 18:01

Right. And so I our I will get in touch with him and tell him that

Unknown Speaker 18:09

he might have been planning that I don't know.

Unknown Speaker 18:12

The next item is the the third annual Earth Day is scheduled for April 25 has been postponed. And Jay Grasso with G and G for the water survey stated that with the Coronavirus, they're not going door to door for their study right now. Second letters have been sent to the property owners if they have not returned the surveys at no cost to the town. They are getting responses from what I understand the responses are favorable for getting study. The waters

Unknown Speaker 18:54

is favorable.

Unknown Speaker 18:57

Other than than that I have no other

Unknown Speaker 19:03

updates, if any.

Unknown Speaker 19:06

Anybody wishes to if anybody's getting anything, go ahead.

Unknown Speaker 19:17

Nothing from Steve.

Unknown Speaker 19:21

Nothing for Ron.

Unknown Speaker 19:25

nothing for Amy.

Unknown Speaker 19:28

Amy. Nothing's been going on with Conesus Lake Association.

Unknown Speaker 19:35

They

Unknown Speaker 19:36

had a meeting that I couldn't follow last was last night I think Well,

Unknown Speaker 19:43

yeah, they had a meeting last night. I wasn't home from work yet so I didn't make it. So okay. Yeah.

Unknown Speaker 19:52

Bill, anything from you? No

Unknown Speaker 19:59

Kim The only thing I have is I closed out with the treasurer's office Monday and there were 52 unpaid tax bills, which is about our average. And that's it.

Unknown Speaker 20:10

Okay, everybody, stay healthy. Stay safe. Stay positive.

Unknown Speaker 20:18

And I need a motion to

Unknown Speaker 20:21

adjourn the meeting. Steve makes a motion to adjourn.

Unknown Speaker 20:26

Ron Second.

Unknown Speaker 20:28

All in favor, aye. Ah. Good night.

Unknown Speaker 20:35

Good night. Good night. Good night thanks.
